

Issued in November 2013

Maksutov-Cassegrain Telescopes

A. D100/F1400 Item No.VSTM01
8*21 viewfinder, 125'' PL6.5/PL20, 1.25'' focuser,
1.25'' 45 ° prism diagonal

B. D152/F1900 Item No.VSTM02
8*50 viewfinder, 125'' PL6.5/PL20, 1.25'' focuser,
2'' 90 ° diagonal

Parabolic Newtonian Reflectors

A. D254/F1150 Item No.: VSTP02
2" focuser and EQ5 Mount with illuminated polarscope,
steel tripod, 8*50 viewfinder, 1.25'' PL6.5/ PL20

B.D203/F900 Item No.: VSTP01
2" focuser and EQ5 Mount with illuminated polarscope,
steel tripod, 8*50 viewfinder, 1.25'' PL6.5/ PL20

C. D152/F675 Item No.: VSTP03
2" focuser and EQ5 Mount with illuminated polarscope,
steel tripod, 8*50 viewfinder, 1.25'' PL6.5/ PL20

Refractors	
	<p>D152/F760 Item No.:VSTR03 Multi coated, 8*50 viewfinder,1.25" PL6.5/PL20 eyepieces, 101.6mm focuser tube, 2" 90 degree diagonal, super achromatic optical system(air spaced quaternity), its color correction effect is improved by 30% at least compared to traditional cemented doublet</p>
	<p>D127/F635 Item NO.: VSTR06 Multi coated, 8*50 viewfinder,1.25" PL6.5/PL20 eyepieces, 76.2mm focuser tube 1.25" 90 degree diagonal super achromatic optical system(air spaced quaternity), its color correction effect is improved by 30% at least compared to traditional cemented doublet</p>
	<p>Item No: VSTR01 type A Diameter: 90mm Focal length: 500mm fully multi-coated air-spaced doublet objective Rotating 2" Crayford focuser All CNC machined and Bracket connecting hole to photography tripod and dovetail platform</p>
	<p>Item No: VSTR01 type B Diameter: 90mm Focal length: 500mm fully multi-coated air-spaced doublet objective 2" Rotating 10:1 Crayford focuser All CNC machined and Bracket connecting hole to photography tripod and dovetail platform</p>
	<p>Item No: VSTR02 Type A Diameter: 80mm Focal length: 600mm fully multi-coated air-spaced doublet objective Rotating 2" Crayford focuser All CNC machined and Bracket connecting hole to photography tripod and dovetail platform</p>
	<p>Item No: VSTR02 Type B Diameter: 80mm Focal length: 600mm fully multi-coated air-spaced doublet objective Rotating 2" 10:1 dual speed Crayford focuser All CNC machined and Bracket connecting hole to photography tripod and dovetail platform</p>

Refractors	
	<p>Item No: VSTR07 Type A Diameter: 80mm Focal length: 400mm fully multi-coated air-spaced doublet objective Rotating 2" Crayford focuser All CNC machined and Bracket connecting hole to photography tripod and dovetail platform</p>
	<p>Item No: VSTR07 Type B Diameter: 80mm Focal length: 400mm fully multi-coated air-spaced doublet objective Rotating 2" 10:1 dual speed Crayford focuser All CNC machined and Bracket connecting hole to photography tripod and dovetail platform</p>
	<p>Item No: VSTR04 Type A Diameter: 80mm Focal length: 800mm fully multi-coated air-spaced doublet objective Rotating 2" Crayford focuser All CNC machined and Bracket connecting hole to photography tripod and dovetail platform</p>
	<p>Item No: VSTR04 Type B Diameter: 80mm Focal length: 800mm fully multi-coated air-spaced doublet objective Rotating 2" 10:1 dual speed Crayford focuser All CNC machined and Bracket connecting hole to photography tripod and dovetail platform</p>
	<p>Item No: VSTR05 Type A Diameter: 90mm Focal length: 800mm fully multi-coated air-spaced doublet objective Rotating 2" Crayford focuser All CNC machined and Bracket connecting hole to photography tripod and dovetail platform</p>
	<p>Item No: VSTR05 Type B Diameter: 90mm Focal length: 800mm fully multi-coated air-spaced doublet objective Rotating 2" 10:1 dual speed Crayford focuser All CNC machined and Bracket connecting hole to photography tripod and dovetail platform</p>

ED refractor OTA	
	<p>VSTE03 80mm F6 Air spaced triplet with 1 element FPL51 Full aluminum structure Rotating dual speed 2" 10:1 Crayford focuser L-type Dovetail base 2" dielectric diagonal Fully multi coating 2pcs 1.25" WA eyepieces Blackened lens edges</p>
	<p>VSTE04 102mm F7 Air spaced triplet with 1 element FPL51 Full aluminum structure Rotating dual speed 2" Crayford focuser 2pcs 1.25" WA eyepieces Mounting ring set 2" dielectric diagonal Fully multi coating 8*50 illuminated erecting viewfinder Blackened lens edges</p>
	<p>VSTE05 127mm F7.5 Air spaced triplet with 1 element FPL51 Full aluminum structure Rotating dual speed 2" Crayford focuser 2pcs 1.25" WA eyepieces Mounting ring set 2" dielectric diagonal Fully multi coating 8*50 illuminated erecting viewfinder Blackened lens edges</p>
Carbon-fiber tube Series	
	<p>VSTC01 ED127mm F7.5 Air spaced triplet with 1 element FPL51 Full aluminum structure Rotating dual speed 2" Crayford focuser 2pcs 1.25" WA eyepieces Mounting ring set 2" dielectric diagonal Fully multi coating 8*50 illuminated erecting viewfinder Blackened lens edges</p>
	<p>VSTC02 152mm F4.8 Maksutov-Newtonian dual speed 2" Crayford focuser 1pcs 2" WA32 eyepieces Fully multi coating 8*50 illuminated erecting viewfinder Blackened lens edges</p>
